

## Fire Precautions in Church

As we are advised by the Notts Fire and Rescue Dept. Training and information should be provided for those who act as stewards for services and events held in Church

### General consideration for Fire Safety

Ⓐ Emergency Exits

**E** Extinguisher Locations

1. There are 3 main exit doors and 1 potential route through the Church Office.
2. Churchwardens are responsible for making sure the 3 main doors are unlocked when events are taking place in Church
3. Stewards should be aware that all the Church doors open inwards and therefore doors need to be manned in the case of a fire alarm being raised.
4. Extinguishers are located close to the exit doors and these are pressurised water type and are suitable for non electrical fires.
5. The lay-by at the South Steps will serve as an Assembly Point.

In the case of a Fire;

6. Raise the alarm by shouting fire.
7. Exit by the nearest door and get to the Assembly Point.
8. Make a visual check that everyone is out of the building.
9. Use a phone to call 999 and ask for the Fire Service.
10. Only use an extinguisher if you have had some training - the priority is to evacuate the building.

For the Christingle Service follow instructions supplied by the Children's Society

C1 Make sure long Hair is tied back.

C2 Allow space around each individual.

C3 Candle lighting starting with a taper to be supervised by a responsible person.

C4 Encourage candle holders not to lean over candles.

C5 Candles not to be lit until in position and then put out before moving again.

C6 Avoid contact with hot wax.

C7 Buckets of water are available in 4 places around the church.
